Charitable Tax Receipts vs Promotional Receipts (RDRHF is under obligation to follow CRA guidelines without exception):

Charitable tax receipts are issued to individuals **only** and are calculated based on the donation less the value of any benefits received by the donor. To receive a charitable tax receipt for a donation, the payment must be issued from a personal bank account. Charitable tax receipts **cannot** be issued for donations made from a business account, or from a personal account where a business is promoted through the donation. The same is true for gift-in-kind donations.

Promotional tax receipts are issued to companies or individuals who donate from their business bank account and receive promotional benefits (like signage) for the business.

The Fundraising Cause for 2023:

It is no secret that there's a gap in our hospital's surgical system. Outside ongoing staffing challenges, urgent needs in the surgical program represent over half the hospital's capital equipment list. These barriers stand in the way of patients remaining close to home for rapid care to save life and limb.

Your sponsorship of Red Deer Festival of Trees 2023 will provide funding for critical operating room equipment. Having access to new and replacement equipment for the OR will play an integral role in recruiting surgical talent, improve the patient experience, and reduce wait times for lifesaving surgeries, allowing friends and family to remain close to home during their procedures.

Thank you for your generous support.
